

Project Guidelines:

1. Your Kahoot must be at least 10 questions, but not more than 15
2. Your Kahoot must have:
 - a. at least 2 questions that define vocab
 - b. at least 5 questions with a diagram
 - c. test/ exam level questions
3. Your Kahoot must have accurate spelling and grammar and use of vocabulary
4. Your “correct” answers must be correct!
5. Your questions must be varied to cover the information in your sections
6. Content must be appropriate for school
7. Share with Kahoot user: strattla

Project Hints:

1. Look at study guide/ review sheet(s) for inspiration
2. Don’t make a super easy quiz. You aren’t helping anyone on the exam if it is too easy. [but don’t make it impossible either—exam level questions!]
3. Don’t limit yourself to the diagram limit... this is Geometry! Diagrams are EVERYWHERE! In fact, feel free to put a picture of something geometric even if your problem is diagram free – it makes it more fun!
4. Use the rubric below to guide you

Project Rubric:

Criteria	2	1.5	1	0.5	0	Points
Presentation	Quiz was extremely well constructed and creative. Student used a variety of questions. Quiz length was appropriate	Quiz was well constructed and creative in some aspects. Variety of questions was limited. Appropriate length	Quiz was not very well done. Some questions were unclear/ hard to follow. Did not have 10 – 15 questions	Information is missing/ key points missed. Too long/ short	Inappropriate content or language	
Grammar, Spelling & Aesthetics	Clear and correctly written text with well-constructed questions. Graphics are used and are of high quality	No major grammatical errors in text. Questions were well done. Graphics are used and are good	Unclear or inappropriate text/ questions. Only a few graphics are used	Text contained many grammatical errors	Inappropriate content or language	
Mechanics	No errors at all	No major errors	Maybe some serious flaws	Major flaws/ incorrect answers	Inappropriate content or language	
Demonstrated Content Knowledge	Student demonstrates a complete understanding and full knowledge of content (more than required)	Student shows substantial understanding and is at ease with the content but does not elaborate/ demonstrate all important concepts	Student has some understanding but may fail to demonstrate some basic concepts	Student demonstrated a lack of understanding and grasp of information	Inappropriate content or language	
Requirements	Goes beyond the requirements of the project	Meets the requirements of the project	Somewhat meets the requirements of the project	Does not meet the requirements of the project	Inappropriate content or language
